

VISITOR NEWS

We welcomed daughters Shannon & Tammi Devine, from America, to the Museum recently to see where their father Benjamin Devine was based. Benjamin was a Waist Gunner in the 418th Bombardment Group and flew on B-17 'Silver Dollar' (please see images below). They were joined by friends Peri Curtis, Cheryl and Don Morrin.

Shannon felt the museum was a great source of history for the B-17 bombers of WW2 and that the staff were very knowledgeable. Tammi recorded that the visit had brought a part of her father's history to life for her.
